

Consent form

For people aged under 16

**Easy
Read**

Easy Read

This is an Easy Read version of some information. It may not include all of the information but it will tell you about the important parts.

This Easy Read booklet uses easier words and pictures. Some people may still want help to read it.

Some words are in **bold** - this means the writing is thicker and darker. These are important words in the booklet.

Sometimes if a bold word is hard to understand, we will explain what it means.

[Blue and underlined](#) words show links to websites and email addresses. You can click on these links on a computer.

About this form

This form is from NHS South East London.

It is about the **Dynamic Support Register (DSR)**.

The **Dynamic Support Register** is a list of people:

- With a learning disability, and/or
- Who are autistic.

This form is to say you agree to your child being on the DSR.

Who we share information with

We may need to share your child's information with other organisations, like:

- Your local council, or other councils if your child uses their services.

- SELECT Keyworking Service (NHS South East London).

- Positive Support Group.

- South London and Maudsley NHS Trust.

We may also need to share your child's information with other organisations, like:

- Oxleas NHS Foundation Trust.

- NHS England (if your child is in hospital).

- South West London and St George's Mental Health NHS Trust.

- CAMHS services outside South East London, if your child uses these.

I am the parent or carer, or I am in charge of looking after:

Child's name:

Please tick 1 box:

☐

Yes, I agree for my child to be added to the Dynamic Support Register.

☐

No, I do not agree for my child to be added to the Dynamic Support Register.

Your name:

Your signature:

Today's date:

Please email this form to:

SELSRAdmin@selondonics.nhs.uk

If your child wants to agree for themselves

Some children under 16 can decide for themselves if they want to be on the DSR.

Even if they can, their parents should take part in the decision unless this is unsafe for the child.

We work out if a child can decide for themselves using the **Gillick Competence**.

The **Gillick Competence** is a way of checking if a child under 16 can make their own decisions.

The Gillick Competence checks that a child can:

- Understand the information they are given.

- Think about the choices they have, and what might happen.

- Clearly explain why they are deciding to do something.

- Understand how their decision might affect them now and in the future.

If a child shows they understand enough, they can decide for themselves about being on the DSR.

If they do not understand enough, their parent or carer will need to decide.

Changing your mind

If you decide you do not want your child to be on the DSR, that is okay.

We will help you stop your child being on the DSR and answer any questions you have.

You can contact us to do this by:

- Email: SELDSRAdmin@selondonics.nhs.uk

- Phone: 020 8176 5565.

- Speaking to your health or care worker.

Keeping people safe

If we think your child or someone else is in danger, we may add their name to the DSR to help keep them safe.

We may do this without you agreeing to it.
