**Withdrawal of SEL treatment pathway for focal epilepsy in adults (last reviewed and published in August 2020)**

The SEL IMOC treatment pathway for focal epilepsy in adults has been withdrawn. Information on the management of epilepsy can be found in the NICE guideline on the management of epilepsies, available [here](#) and in the NICE Clinical Knowledge Summaries (CKS) topic on the management of epilepsy – available [here](#).

The [SEL Joint Medicines Formulary](#) should also be referred to for the formulary status of medications used in the management of epilepsies, including their “red, amber, green, grey” (RAGG) category status.
