

**South East London  
Integrated Medicines Optimisation Committee (SEL IMOC)**

**Withdrawal of the insulin and glucagon like peptide 1 (GLP-1) analogue  
preferred disposable pen needles for adults  
over 19 years of age prescribing fact sheet and patient letter template  
(issued October 2017)**

Following advice from the Diabetes sub-group of the South East London Integrated Medicines Optimisation Committee (SEL IMOC), the insulin and GLP-1 analogue preferred pen needles for adults prescribing fact sheet and patient letter template have been retired and withdrawn for use in SEL.

Information on preferred disposable pen needles for insulin and GLP-1 analogues, can be found in a bulletin from PrescQIPP:

Diabetes pen needle prescribing for pre-filled and reusable insulin and GLP-1 receptor agonist pens (bulletin 229), access at:  
<https://www.prescqipp.info/our-resources/bulletins/bulletin-229-insulin-pen-neededles/> (subscriber login required).
