

**South East London Area Prescribing Committee**

**Withdrawal of Formulary Recommendation number 045**

**(Issued January 2016):**

Budesonide prolonged release tablets (Cortiment®) for mild to moderate active ulcerative colitis

This formulary recommendation has been withdrawn as following a review through the SEL Inflammatory Bowel Disease (IBD) pathway group, budesonide prolonged release tablets (Cortiment®) are no longer included in the [SEL Joint Medicines Formulary](#).
