Board Meeting 12 October 2022

No.	Question	Answer
<p>Question 1</p> <p>Submitted by:</p> <p><i>Vicky B</i></p>	<p>Thank you for your email. I would like to raise that there will be a significant number of people who because of mental or physical disability will not be able to attend in person and given the sharp rise in covid rates a lot more will likely be reluctant to attend. If you are unable to live stream the event you will therefore be excluding members of the community and many of those will be the most vulnerable people.</p> <p>Rather than pointing people to the website can you not email people the link details as you have done with the in person meeting?</p> <p>Also if it is being live streamed, does that mean that those online will be able to take part, so that they have equal opportunities to those at the in person meeting?</p>	<p>Thank you for your email. We are planning to live stream this second Integrated Care Board meeting, and will publish the link on the 12 October 2022 meeting page which you can access here Integrated Care Board meetings - NHS South East London (selondonics.org) as soon as it is available. For the October meeting members of the public will not be able to submit questions via the live stream but do have the opportunity to submit in advance (and of course in person).</p> <p>We will share the link on the website rather than send out in the covering email as sometimes the links change and we need to ensure that everyone has the correct link; this also avoids people having multiple or incorrect links. We will also explore ways in which members of the public can ask questions via the live stream for future meetings.</p>
