

Job Description – Clinical/Professional Lead for End of Life Care for One Bromley

Role Title:	Clinical/Professional Lead for Quality
Sessions:	2 per week
Responsible to:	One Bromley Partnership Board
Line Management:	Senior Clinical Lead for One Bromley
Location:	Bromley and SE London
Tenure:	One year with potential to extend

Role Summary

The Clinical Lead for Quality has a pivotal role in the One Bromley system as an advocate for good quality in the delivery of health care, prompt identification and resolution of quality concerns and to support and promote quality improvement including scaling up and spreading successful change.

The Clinical Lead will be expected to contribute towards the planning and implementation of One Bromley quality structures and systems, linking into the SEL arrangements as appropriate. The role will be expected to potentially chair and clinically lead the further evolution and development of local quality arrangements, working very closely with all partners to adopt good practice and improve the quality of services and care in Bromley.

This is an exciting role which will work in partnership with all the borough's Clinical and Professional Leads and the wider system, to drive an evidence-based approach to continuing to improve the quality of care as part of our One Bromley priorities.

Main responsibilities

The following are the key requirements identified for this role and the approaches needed for them.

Contacts and relationships

- Positively engage with local agencies and act as advocate for Bromley
- Actively look for potential opportunities with key contacts to improve overall service delivery and performance
- Connect and build trust with colleagues and patients across traditional boundaries - developing strong networks and relationships that work in service of patients over organisations, places, or professional groups.

Clinical/service decision-making

- Work with the SEL ICB and ICB Bromley teams to develop local systems to improve identification of quality issues
- Particularly consider quality and clinical governance issues in relation to integrated and new pathways of care
- Support local Public Health professionals in relation to quality and clinical governance
- Listen with compassion to the needs, hopes and challenges of those we work with and serve, using this understanding to actively involve others in the decisions that affect their lives.

- Support the borough lead to gather, verify and assess all appropriate and available information to gain an accurate understanding of the situation.

Service delivery and outcomes

- Work with colleagues in the Bromley ICB team, lay member and other clinical leads to set up local systems for quality
- Ensure that the needs of service users and their carers are at the core of the way One Bromley and its constituent partner organisations deliver services
- Catalyse and embed ways to test and share new and innovative ideas and approaches that improve how the quality of services to our patients and population
- Support organisations and the LCP core team to ensure that services meet all relevant quality standards, specifically CQC, ICS and all relevant NICE guidelines
- Support the effective and efficient deployment of resources to achieve agreed outcomes and targets
- Work as a team member developing and maintaining effective working relationships
- Keep up to date with relevant policies and procedures

Creativity and innovation

- Encourage and test new ways of working together, collaborating, and learning from each other to achieve our collective ambition to improve the health and wellbeing of our population
- Seek out and embrace different ideas, perspectives, and challenges - being able to adapt and change course by continually learning from others around them.
- Take an innovative and creative approach to solving problems
- Consider innovation in the workplace an ongoing responsibility and welcome change as an integral part of both individual and organisation development
- Act as a positive role model for innovation and a facilitator for change

Planning and organising

- Develops practical and realistic plans to achieve outcomes/objectives
- Consider wider implications, with regard to skills and resources, of achieving plans/outcomes/objectives
- Ensure appropriate resources and levels of capability are in place to deliver priorities
- Take appropriate clinical/ professional responsibility for delivery of plans, outcomes and objectives which may involve coordinating and organising others

Communication

- Actively contribute to a culture of positive communication
- Support the borough lead to deliver presentations and training internally to staff and externally to partners/ agencies, where appropriate
- Support the borough lead with CQC and other inspections, service developments and other relevant tasks

Financial Management

- Effectively manage resources within your control.

Personal development

- Continually develop own professional knowledge and practise with respect to service speciality
- Maintain professional registration (e.g. GMC, NMC, etc.)

Equality and Diversity

- Act in ways that support equality and value diversity
- Identify and seek to mitigate the negative impact of health inequalities in local services
- Help to develop and maintain an organisational culture that supports equality and diversity.

Eligibility

- Current government guidance recommends anyone working in a care home or vulnerable people to be vaccinated against COVID-19 (unless an exemption applies).
